

*CPA with university degrees in business administration (Finance major) and political science. 32 years' full-time experience working in large public financial institutions and "Big 4" accounting firms. I have authored columns on public policy / administration for a local weekly print newspaper and online site. Founder and administrator of the "Residents 4 A Better NOTL" social media group with approx. 500 local members. I have participated in grass roots political activities, including serving in a riding association executive role and participating in door to door canvassing to engage with voters to maximize turnout. I am familiar with performance management techniques to achieve strong performance in a work-team leader role. Familiarity with financial modelling, including the use of spreadsheet software.*
